Object: CERAMO POWER PLUS

Mr. Yvan Dumont and myself tested the product CERAMO POWER PLUS on Mr. Dumont car:

- Ford Thunderbird 2002
- Motor 3 L., V8

PARAMETERS:

- 1. Trip:** 179, 6 km per round trip. One round trip with CERAMO POWER PLUS and one round trip without CERAMO POWER PLUS. Both round trips were exactly the same.
- 2. Cruising speed:** 105 km/hr. We used the speed control of the car and the cruising speed was adjust with a GPS (Global Positioning System).
- 3. Gas:**
 - a.** We start the first trip (with CERAMO POWER PLUS) with a full tank of gas from a gas station. The trip end at the same gas station.
 - b.** We take off the CERAMO POWER PLUS from the car and again, we start the second trip with a full tank of gas. The trip end at the same gas station.
 - c.** We fill the tank of gas at the end of the last trip.

Note: When adding gas into the tank, we make sure to fill it at the maximum, just before it overflows.

RESULTS:

WITH CERAMO POWER PLUS: 15,359 liters (8,55 liters/100 km)

WITHOUT CERAMO POWER PLUS: 17,403 liters (9,69 liters/100 km)

SAVING: 1,14 liter/100 km (11,76%)

CONCLUSION: We will proceed with the next step: Test from ITAQ in august 2013.
